Behavioral Health Services of Bedford and Somerset Counties

3rd Quarter Report July-September 2024

Consumer and Family (C/FST) Satisfaction & Outcomes: Survey Findings

Detailed Report of Survey Findings
October 2024

**Survey Administration and Evaluation Services
Provided By:**

**THE CENTER
FOR BEHAVIORAL HEALTH
DATA RESEARCH, INC.**

The Consumer Family Satisfaction Team (C/FST) program is a statewide county based program mandated by Appendix L of the Pennsylvania HealthChoices Program to measure member perceptions of satisfaction and treatment outcomes with publicly funded mental health and drug and alcohol services.

Chart Informational Guide

An appropriate benchmark system is utilized to highlight positive findings and better recognize areas requiring improvement.

Above 90% Benchmark - **Meets Expectations**

Between 80%-90% - **Satisfactory**

Below 80% - **Requires Action**

No chart information - **No data this quarter**

Data Utilization & Provider Response

Per the Pennsylvania HealthChoices Program, the C/FST data is designed to be utilized as an additional input to the provider's existing internal quality improvement processes. Additionally, the provider is to review their quarterly and year-to-date data and respond with actions your organization will take to improve any indicator that has at least five (5) year-to-date completed interviews/surveys and is below the 80% benchmark.

***Please note that no written response is required for 1st quarter survey results, nor for any YTD score that was skewed below benchmark due to the results of only one quarter.**

Counts Break % Respondents	2019/2020	What quarter is it?

Meets Expectations

Not all charts are benchmarked. Benchmarked charts are identified by one of three colors (green, yellow, or red) directly below the chart. **If you have 5 or more surveys Y-T-D, the benchmark will determine if you need to respond.** (See sample above).

Introduction

The **Bedford-Somerset Consumer/Family Satisfaction Team (C/FST)** is a county-wide program mandated under Appendix L of the Pennsylvania HealthChoices Program to obtain input from individuals and caregivers receiving treatment from publicly funded mental health and drug & alcohol services.

The C/FST is required to be independent and unbiased, although it does seek input from the county (primary contractor), the Managed Care Organization (the insurance company) and treatment providers, as well as individuals being treated and other stakeholders in designing its data collection processes and interview questionnaires.

Individuals receiving treatment are interviewed and asked for their opinions (perceptions) of the ease of accessing treatment, their treatment experiences, their perception of provider recovery orientation practices and treatment outcomes. They are also asked about issues or problems.

The C/FST produces a quarterly report starting with the 1st Quarter produced in April for the January-March period and ending with a 4th Quarter produced in January which also includes the annual report as quarter-to-quarter and year-to-date results are tracked and compared.

The county, MCO and providers are asked to utilize the C/FST data as an additional input into their internal quality improvement processes to support both system and treatment outcomes.

How this report is organized:

The 1st Section covers adults (age 21 and above) interviewed for the present quarter, while the 2nd Section covers family/caregivers (of a child under age 14) receiving treatment and the 3rd Section covers Youths (between the ages of 14 and 21) receiving treatment.

The first two pages of Adult, Family and Youth sections contain a C/FST analysis of interviews/surveys achieved for that quarter, changes in sample characteristics, findings and recommendations.

Some questions provide for an opportunity for the respondent to give literal comments and these are shown under the question, if any additional comments were made.

The Provider Comment Section will list provider comments received in response to the previous quarter report. Typically, these comments are in response to areas receiving year-to-date percentages that are under the established benchmarks and have had at least five (5) individuals interviewed.

The MCO Comment Section and functions the same as the provider comment section with the distinction being the MCO is more focused on systemic delivery outcome and issues across the network, while individual providers are focused on their own results.

The Technical Notes Section addresses target sample size, survey/interview processes, data analysis and reporting, benchmarking, and data limitations.

Adult Survey Findings

Bedford-Somerset C/FST – 2024 3rd Quarter Report

This 3rd Quarter Bedford-Somerset C/FST Report provides details on the 90 adult, 25 family and 16 youth (131 total) interviews that were completed between July and September 2024.

Adult Survey Process & Findings

This 3rd Quarter Bedford-Somerset Counties C/FST Report covers the period between July and September 2024 and provides detail on the 90 adults interviews/surveys that were completed.

Survey Results & Variations on Sample Characteristics

Variations in sample characteristics between quarters are represented so that the reader may infer what influences, if any, these variations may have had on member response ratings.

3rd Quarter 2024 Adult Sample Characteristics versus 2024 2nd Quarter Comparison:

1. Lower percentage of face-to-face – 84% (76 of 90) versus 87% (71 of 82).
2. Higher percentage of female respondents – 64% (58 of 90) versus 57% (47 of 82).
3. Higher percentage of respondents in the age range of 55-64 – 17% (15 of 90) versus 13% (11 of 82).
4. Higher percent of MH only (includes medication mgt) – 69% (62 of 90) versus 59% (48 of 82).
5. Lower ratio of respondents receiving less than six months of treatment from provider – 51% (46 of 90) versus 59% (48 of 82).
6. Higher percentage of respondents receiving treatment services over 4 years with the same provider – 41% (37 of 90) versus 18% (15 of 82).

Findings Overview

1. Adult overall satisfaction with Community Care continues to be good with 100% (5 of 5, excludes 85 “not applicable”) of adults agreeing with, *“If you had contact with Community Care over the past 12 months, were you satisfied with the level of dignity and respect the staff conveyed to you.”* This indicator was 99% for calendar year 2023.
2. Community Care’s complaint and grievance awareness indicators remained consistent during the 3rd Quarter. The indicator, *“Are you aware that you can file a complaint and/or grievance if needed?”* is 62% (56 of 90) and was 82% for calendar year 2023. In the 3rd Quarter 2024, no adult members reported using either Community Care’s complaint and/or grievance process within the last 12 months.
3. The lowest awareness indicator during the 3rd Quarter was, *“Have you reviewed your insurance benefits and treatment options available through Community Care,”* at 20% (18 of 90). This indicator was 39% for calendar year 2023.
4. Surveyed adults are generally pleased with **Access** to provider treatment services having 78% to 97% level of satisfaction in the three satisfaction indicators covering, *“I feel I was able to get the help I needed within a reasonable amount of time,” “I was made aware of the availability of different providers for this service and given a choice,”* and *“Services are available at times that are convenient.”*
5. Surveyed adults are also generally pleased with their provider **Treatment Experiences**, rating all six indicators of satisfaction from 96% to 100%. These include, *“(Provider) helped me create a plan to deal with any problems I have,” “I am an active participant in developing a treatment plan that is a good fit for me,” “I feel comfortable asking questions about my treatment,” “I feel I have enough time with staff during most sessions,” “My provider has talked with me about community resources and other supports, if needed,”* and *“As appropriate, my providers work together and share information to provide me the best care possible.”* These indicators were rated 91% to 99% for calendar year 2023.

6. Surveyed adults continue to be pleased with their provider **Recovery Oriented Practices** rating, “*Staff treats me with respect and sees me as an equal partner in my treatment program,*” at 98% (88 of 90) and “*I have been given clear information on who to contact if I need immediate help between appointments,*” at 94% (85 of 90).

7. Adult perception of **Treatment Outcomes** was 99% - 100% in all three indicators. These indicators have been consistently in the ninety percent level of satisfaction and this quarter continues that trend as adult service recipients believe, “*I deal better with daily problems,*” “*I feel more hopeful about the future,*” and “*I feel treatment is working.*” These indicators were 96% to 98% for calendar year 2023.

8. Just 2% (2 of 90) of interviewed adults reported having issues or problems with their provider during the 3rd Quarter of 2024. One member reported “poor communications” and one member reported “other” as the reasons.” See Page 27 *Literal Comments* regarding member provider related problems.

Adult – Member Request for Assistance (MRAs)

Upon completing the survey, 0% (0 of 90 members surveyed overall) representing 0% (0 of the 2) adult members that reported having problems) expressed interest in having a provider or MCO concern or issue they shared during the interview referred for immediate handling by BHSSBC.

Quality Audits

Periodically, random quality audits are performed which have the dual purpose of obtaining member feedback regarding the survey process plus confirming the integrity of the survey.

During the 3rd Quarter, 26 adult quality audits were performed. 85% (22 of 26) of adults felt the length of the survey and number of questions were satisfactory. 100% (25 of 26) of adults were satisfied with the survey process and 96% (25 of 26) of adults felt ok or good about being contacted.

Member comments,

“She (surveyor) was very friendly, and it was quick.”

“Yes, I was very satisfied with the interview process. I enjoyed talking to her.”

“She (surveyor) was very nice.”

“I was very excited when I woke up this morning because I didn’t have to go to Psych Rehab but then I got sad because I have to go tomorrow. They are rude and I have nowhere else to go.”

“I am very happy with (provider).”

“She (surveyor) did a wonderful job.”

Q18D-Access Literal Comments

Q1- The staff asks me if I am drunk everyday, they say if I don't have services I will lose services, if I'm not on medication.

Q1- The caseworker has huge caseloads and limited services.

Q1- I don't remember if I was given a choice to come here or not.

Q1- I was not given a choice and if it was up to me, I would choose less than five days a week.

Q1- I was told this doctor was the only one I could have.

Q1- I feel the doctor is judgemental and he looks at me like I am an addicts. Makes me feel uncomfortable. I expressed my anxiety and he told me to lift heavier weights and exercise.

Q1- I don't feel like I was able to get the right amount of help the first time, I called for 8 months. When I got here, it was a different story because I got in right away, I came from rehab.

Q1- They did not give me a choice.

Q2- I have a UTI and I put all the paperwork in and talked to all the staff and no one had done anything to get me medication or to a doctor. It has been over a week.

Q2- I was not aware I could go somewhere else.

Q2- There was only one doctor, I didn't have a choice.

Q2- There is no program. We went to the walk in clinic and they told me I needed to go to urgent care and they took me back to the facility. It took me four days to get to the walk in clinic and now I have to wait to go to urgent care. I have been sick for over a week.

Q2- There are long waiting lists for appointments and I had to ask for more services. No one told me the services they provide.

Q2- No one told me about other halfway houses I could go to.

Q2- I was not aware of other providers, they were chosen for me

Q2- I was not made aware of other providers for my services

Q3- I schedule around my job and probation recommended this provider.

Q3- I have a good experience with them

Q3- I'm in the state drug treatment program and they told me where to go.

Q3- They jam everything we need to do in the first week, and then we have nothing to do for the rest of the time we are here.

Q3- No one told me I could go somewhere else.

Q3- I feel like I wasn't getting the help I needed, but we are getting there.

Q3- I don't remember if I was told about other providers or not.

Q3- No one told me about other providers

Q3- They wake me up at 5 AM, for MAT when regular medicine is at 7:30. They can give me all the medicine at 7:30

Q3- I don't feel OT gets in touch with me as often as I need her to. I was told she would have different availability.

Q3- They didn't give me a choice

Q3- It was so long ago, I don't remember if different providers were available at the time.

Q3- Most of my care management did everything for me. The hospital set me up with my BCM.

Q19E-Treatment Experiences Literal Comments

Q1- My health plan works sometimes and other times it feels like it doesn't.

Q2- We did not create a plan yet.

Q2- I am going to say neutral for those questions, because we are working on it right now.

Q2- I need more time with my counselor.

Q2- I feel like I'll get in trouble if I ask too many questions.

Q2- We did not create a plan for anything yet.

Q2- Just sticking to the one we have. It seems to be working.

Q2- They kind of do their own thing here, it takes so long to get started.

Q2- Sometimes the person ahead of me take time from my appointment

Q2- We have talked about different strategies, but the problem is they don't always work with ADHD

Q3- We talk about everything

Q3- I feel I need more time with my counselor, they say they are here if we need anything, but when we ask for help, they say they are busy or don't have time to help us.

Q3- I'm not sure sometimes if I should say anything or ask

Q3- Sometimes I feel like I don't have enough time with my therapist. An hour doesn't seem long enough.

Q3- Depends on what the session is about, sometimes I don't feel like we get enough time with our counselors.

Q3- Sometimes I don't like to talk in groups, that is why I go to one on one therapy

Q3- Sometimes I don't feel like asking questions, but sometimes I will.

Q3- I think therapy could be a little longer, but they explained that they are understaffed.

Q21A-As appropriate, my providers work together and share information to provide me the best care possible. Literal Comments

Q1- I have no idea if they do or not.

Q1- They do not, but it is not needed.

Q1- As far as I know my providers work together.

Q1- I don't really know but I would imagine since it's all UPMC.

Q2- I do not know if all my providers work together to give me the best care possible.

Q2- I don't know if my providers talk to each other or not.

Q3- One person here doesn't know anything from my doctor or counselor. They don't share information with each other.

Q3- I am not sure if they do or not.

Q3- Not sure if they work together or not.

Q22C-Recovery Oriented Practices Literal Comments.

Q1- I feel like less of a person when I leave.

Q1- I have not been given clear information on who to contact if I need immediate help, but I am sure I can figure it out on my own.

Q2- No one ever told me who to go to if I need immediate help.

Q2- No one told me who to go to if I need immediate help.

Q2- No one told me who to contact if I need immediate help.

Q2- I don't think they told me who to contact if I need immediate help

Q3- I do what I am supposed to do and they will not let me leave two days early. I know someone else here that did not do what they were supposed to do, and they got to leave. They have favorites here

Q3- I have not been told who to get or talk to if I need immediate help.

Q23D-Outcome Literal Comments

Q1- When they constantly ask me if I'm drunk or high everyday it's disrespectful. They embarrass me in front of the other people that are around.

Q1- I use self help rather than, or more so than treatment.

Q1- I am still working on coping skills to feel more hopeful about the future.

Q1- Some things the doctor just can't help me with.

Q1- I am not satisfied with my treatment. I had a panic attack at the office and the CRR told me to calm down and go see the doctor. I explained the situation to him and he just said "oh, that's not good" and then went on to tell me to lift heavier weights and workout more.

Q2- I've only been here for a couple days so we are still working on everything.

Q2- I don't feel hopeful about the future because I have had a lot of deaths in the family lately and my husband and I have separated.

Q2- I need more help medically, they are not getting me the help I need and I can't focus on my treatment here because I am so sick. I am getting wrote up because I can't go to group and do things I am supposed to do because I am sick but they are not getting me the help I need.

Q2- Sometimes I feel more hopeful about the future, I just have a lot of stuff to do.

Q2- I have issues with medical problems, I don't have enough support

Q2- I still have suicidal thoughts, but I don't cry all the time. My bipolar and anxiety is still high

Q3- I was here before and everything is still the same. They should change it up some. Maybe that is why so many people end back up in a rehab because they are not doing their jobs right the first five times.

Q3- I need to work on dealing with daily problems better.

Q3- I am not real sure on how I deal with everything yet.

Q3- I feel overwhelmed sometimes and don't feel like treatment is working. They tell me it is, but I don't feel like it is.

Q3- I sometimes feel more hopeful about the future

Q3- The therapist and I don't get along, so I am changing to the OT a Nulton Diagnostics..

Q3- Sometimes I don't want to come here and they say I'm faking being sick, and they force me to come here. They bully me, calling me to come and psych rehab is understaffed.

Q25A-If yes, what were the issues or problems with services from provider. Literal Comments

Q1- Poor communication and severe disrespect and issues from the staff.

Q1- Issues with the doctor not treating people as humans and he doesn't want to listen to me.

Q2- Poor communication, I didn't feel my issues were being heard with with the doctor but the nurse practitioner did hear my views.

Q2- I have an address to go home to or a hotel room that was paid for because my case manager said it was okay. Then they said I can not go to a hotel and my apartment is not safe because of all the drugs.

Q2- They set me up with a therapist that did not validate my concerns and feelings

Q3- There is a lot of poor communication. Psych Rehab makes me feel sad about my recovery if I slip. Sometimes I get along with staff, and sometimes I don't. They go behind my back to the doctor and make it a big deal about my relapse.

Q26A-Were you able to resolve these issues or problems with provider through discussion with the program manager or did you choose not to take any action? Literal Comments

Q1- I am going to go to another doctor, they gave me another option.

Q1- I switched doctors, things are much better now.

Q2- I am looking for another doctor.

Q3- I waited until it passed.

Q27A-If you chose to not take any action, why? Literal Comments

Q1- I don't think it will do any good.

Q2- I am not sure how to go about taking action.

Q3- They are not going to do anything about it, so why say anything

Q31A-If you were not able to get behavioral health services in the last twelve months, what stopped you? Literal Comments

Q1- The staff bashes me about my past.

Q2- I don't like the doctor.

Q2- There are long waiting lists and I don't know where to get help.

Q2- Nothing is working. The medication is our biggest thing right now with my sleep. I can go two or three weeks without sleep. When I do get sleep, it's only one or two hours and then two or three weeks again.

Q2- My anxiety is a big barrier that prevents me from going to get help

Q3- I am not completely getting the help I need. I am not able to get a therapist, waiting for legal help.

Q32A-Are you experiencing any problems in getting the medications that work for you? Literal Comment

Q1- It's hard finding the right medication for me.

Q1- My one medicine got back ordered and I had to go to five pharmacies to get it.

Q2- The doctor won't prescribe me medicine, it took six months to get medicine.

Q2- I am on MAT and it took them 5 days to get them for me. I was sick from not having them going through withdrawal because of that and there is no reason for it.

Q2- The psych doctor would not give me the medicine I was prescribed when I came here. I would like to have stayed on the medicine I was already taking because I know it works for me.

Q2- Just the sleep medication

Q2- My anxiety and depression medicine is not working.

Q3- The telehealth doctor said my issue was a family doctor issue, not a psych med issue.

Q3- It's hard to get on suboxone and it should be included in our comfort meds. Some of us are on suboxone when we come in here and it's still hard to get on it.

Q3- I can't wait to get back to my own pharmacy. I am using my CRR's pharmacy and they are always late. I have to go a day or two without my medicine because they are late.

Q3- They had to change my meds because and lower the dose because the dose interfered with my heart medication.

Q3- The doctor does not want to listen to give me medication. I feel the time I have meeting with the doctor is too short.

Q33-Please share additional compliments or suggestions for improvement you have about the services you participate in with (provider). Literal comment

Q1- The way the staff present themselves is disrespectful. They always ask me if I am drunk or high and don't care if anyone else is around. That could be a trigger for people and push them to go get drunk or high. They need to stop asking and start being respectful about how they make people feel.

Q1- I've only met him once at my intake, but I like him so far.

Q1- She is an awesome caseworker, she needs smaller caseloads so she can pay attention to the ones she has.

Q1- Everything is going good here.

Q1- My therapist is very kind and knowledgeable.

Q1- They don't give us enough food, the portions are really small. They should have someone check on you once in awhile to see how things are going. I was in detox for almost a whole day before someone asked how things were going.

Q1- The staff goes above and beyond in most cases.

Q1- I feel it would be great for me if they continued the telehealth. Nultons has been amazing!

Q1- Things have gone well with me when dealing with them.

Q1- The doctors thinks and acts like she's better than me. She talks down to me and snobby like.

Q1- I wish there was a further outreach, because I know people who could use the help I get here.

Q1- I got approved for 3 Boost drinks a day and when I did they stopped giving them to me. She told me they had to put in a paper for approval. That makes no sense because I was already getting them and I already got approved to start getting 3 day.

Q1- This is working, it's really good to come listen to others talk. Listening to others will enlighten something in me.

Q1- It is great here, keep up the excellent work!

Q1- I enjoy the services and learn from them.

Q1- This is a nice place.

Q1- They deserve more money for putting up with people like me.

Q33-Please share additional compliments or suggestions for improvement you have about the services you participate in with (provider). Literal comment

Q1- Thank staff for all they do for me

Q2- The medical staff seems overwhelmed. Getting my medication in was a nightmare.

Q2- They need to be on top of the medical issues. The nursing staff needs to be retrained on how to treat people or hire more of them.

Q2- To have more phone calls to call loved ones. We get one phone call a week. That is not enough time to talk to loved ones when we are trying to get help.

Q2- They desperately need more staff. They are all over loaded with cases and literally tell us "I don't have time to help you" That's not fair to the people here because we are here to get help and if they can't help us they need to move on or hire more people.

Q2- The nurse practitioner is great and easy to talk to. The doctor is not easy to talk to and I feel he does not care about my issues.

Q2- Therapist changed my life, I feel very comfortable with her.

Q2- I'm just very thankful for this place. It has helped me to be in groups and talk about our addiction. Twin Lakes has helped me tremendously.

Q2- They need to communicate more with each other so everyone knows what is going on and exactly why I can't go home.

Q2- If it's not court ordered to be here, I should be able to do what I want. They are telling me that I have to go to a halfway house and I don't want to, I want to go home.

Q2- I am happy with my current services.

Q2- We eat every meal last and they run out of stuff. They ran out of pancake syrup and got the staff some to use but would not get any for the consumers to use. I was five minutes late for group and they took my smoke break away, but some girl called me a dyke and she did not get in trouble. This is supposed to be a zero tolerance facility and they pick and choose who gets in trouble for what. Our smoke break is every 3 hours and the employees that vape, vape inside. How is that fair when it's a smoke free building and no one gets to smoke whenever they want.

Q2- The male tech here is AWESOME! I wish I could say his name because he goes out of his way to help everyone here and needs to be recognized for what he does!

Q2- Some of the staff make it clear that they are only here for a paycheck. They need to realize that attitudes affect the people that come here to get help. They should be trained on how to treat people that are trying to get help for their addiction, even if they are only here for a paycheck.

Q2- They need more staff here.

Q2- I'm glad they're available and can get appointments as needed

Q2- I am very satisfied. I can contact my therapist by email anytime.

Q2- My therapist was empathetic and caring

Q2- I love both the doctor and the therapist

Q3- They have been a help to me.

Q3- I'm really thankful for Twin Lakes. They have helped me tremendously.

Q3- They need to get it together and worry about getting people through the program and not worry about the money they are making.

Q3- I really appreciate the staff here. My therapist is very helpful, caring, and truthful.

Q3- They are excellent! I would not go anywhere else. Especially with the people I see, they are great!

Q3- I am getting the care I need and I am satisfied with the services I am receiving.

Q3- MAT should be quicker to get and should be a comfort medication.

Q3- They are just wonderful. I can not say enough good things about them. They have made a total difference in my life.

Q3- They need to have the pastor come in more than once or twice a month. I put in for a bible, because the pastor ran out of them the day he was here. They have been on the table for four days and they did not give them to us yet. I brought a brand new razor and put in to get it for a week straight and they won't give it to me.

Q33-Please share additional compliments or suggestions for improvement you have about the services you participate in with (provider). Literal comment

Q3- We need more food. We barely get any food, the portions are small. We see the employees when they get their food and their containers are so full most of them can't shut the lid. How is that right?

Q3- I feel like no one listens to me when I talk about my problems

Q3- I really love Nultons and treatment is beneficial to me.

Q3- I think Pysch Rehab should encourage us more and build us up, not scare us into recovery. The staff throws it in my face that I slipped up one time. My counselor said " I don't care if you do like me and I don't care if you don't like me."

Q3- My BCM is the best one I have had

Q3-They were very helpful

Q3- It was a wonderful experience overall.

Q3- I am very satisfied with everything.

Q3- The personnel at MH/MR have been helping tremendously. Psych Rehab has been very insightful.

Q3- I think everybody is very polite and kind. It's nice when I'm away from family to have kind people.

Q3- Everyone is kind and I've been involved in all the treatment decisions, that means a lot to me.

Family Survey Findings

Family Survey Process & Findings

The following are C/FST Findings and Recommendations based on the 25 family/caregiver surveys completed during the 3rd Quarter of 2024 for the period between July to September 2024.

Survey Results

Variations in sample characteristics between quarters are provided so that the reader may infer what influences, if any, these variations may have had on member response ratings for the quarter.

3rd Quarter 2024 Family Sample Characteristics versus 2nd 2024 Quarter Comparison:

1. Lower percentage of face-to-face surveys – 48% (12 of 25) versus 83% (15 of 18).
2. Lower ratio of male caregivers – 0% (0 of 25) versus 6% (1 of 18).
3. Higher percentage of child members under age 5 - 8% (2 of 25) versus 0% (0 of 18).
4. Higher percentage step/adoptive/grandparent/aunt/uncle – 20% (5 of 25) versus 6% (1 of 18).
5. Higher ratio of male service recipients – 40% (10 of 25) versus 33% (6 of 18).
6. Higher total members receiving IBHS – 20% (5 of 25) versus 0% (0 of 18).
7. Higher percentage 16% (4 of 25) versus 11% (2 of 18) of members receiving services four (4) years or longer from provider.

Findings Overview

1. The indicator, *“Have you reviewed your child’s insurance benefits and treatment options through Community Care?”* was 52% (13 of 25) for the 3rd Quarter of 2024. This indicator was 66% for calendar year 2023.

Community Care’s complaint and grievance awareness indicators dropped to 68% (17 of 25) from 94% (17 of 18) in the previous quarter as fewer family/caregivers agreed with, *“Are you aware that you can file a complaint and/or grievance if needed.”* This indicator was 93% for calendar year 2023.

2. Family/caregivers are generally pleased with **Access** to provider treatment services with a satisfaction score of 88% - 96% in all three indicators during the 3rd Quarter of 2024 and was 94% to 96% for calendar year 2023. These indicators include, *“Services are available at times that are convenient,” “I was made aware of the availability of different providers for this service and given a choice,”* and *“I feel like my child was able to get the help he/she needed within a reasonable amount of time.”*

3. Likewise, Family/caregivers are generally pleased with their provider **Treatment Experiences** in the 3rd Quarter with satisfaction scores of 91% to 100% in five of seven indicators. These include, *“I feel comfortable asking questions about my child’s treatment,” “I feel my child has enough time with staff during most sessions,” “We are active participants in developing a treatment plan that is a good fit for my child and family,” “If meetings are held, I am always informed with enough advance notice that I can make arrangements to attend,”* and *“As appropriate, my providers (physical and behavioral health) work together and share information to provide my child the best care possible.”*

“Provider helped us create a plan to deal with any problems my child has,” dropped to 68% (17 of 25) and *“My child’s provider has talked with us about community resources and other supports, if needed,”* dropped to 70% (16 of 23, excluding “neutral and n/a responses). Both indicators were 100% in the 2nd Quarter.

4. Family/caregivers were generally pleased with **Provider Recovery Orientation** with a satisfaction score of 79% - 92% in both indicators during the 3rd Quarter of 2024 and were 98% to 100% for calendar year 2023. These include, *“(Provider) staff treats us with respect and sees us as equal partners in my child’s treatment program,”* and *“I have been given clear information on who to contact if my child needs immediate help between appointments.”*

6. Family/caregiver satisfaction scores with **Treatment Outcomes** were positive with satisfaction scores being 83% to 87% in all three indicators. These include, *“My child deals more effectively with daily problems,” “I feel my child’s behavioral health is improving,”* and *“Our family has improved since my child started treatment.”* These indicators were 95%-99% for calendar year 2023.

7. 20% (5 of 25) of family/caregivers reported having issues or problems with their provider during the 3rd Quarter and was 4% (5 of 116) for calendar year 2023. See literal comments on Page 51.

8. 88% (14 of 16, excluding 9 n/a) of family/caregivers reported no problems in getting the behavioral health medications that work for their child during the 3rd Quarter of 2024. This indicator was 88% for calendar year 2023.

Family/Caregiver – Member Request for Assistance

Upon completing the survey, 4% (1 of 25) of family/caregiver members surveyed expressed interest in having any concern or issue they shared during the interview referred for immediate handling by BHSSBC.

Quality Audits

Periodically, random quality audits are performed which have the dual purpose of obtaining member feedback regarding the survey process plus confirming the integrity of the survey.

During the 3rd Quarter 2024, 15 family/caregiver quality audits were performed. 100% (15 of 15) of family/caregivers felt the length of the survey and number of questions were satisfactory. 100% (15 of 15) of family/caregivers were satisfied with the survey process and 100% (15 of 15) of family/caregivers felt ok or good about being contacted.

Member comments

“I did not mind doing the survey, I liked doing it at the provider.”

“I was fine with being contacted; the phone number came up as a spam call.”

“I was not bothered by being contacted; I have done this survey more than once. I so not mind doing Them, they are very helpful.”

Family Literal Comments

Q9A-What is your relationship to this child? Literal Comments

Q1- Guardian

Q10A-What do you consider the child's race to be? Literal Comments

Q12D-Community Care Literal Comments

Q13A-If you contacted Community Care in the last 12 months, were you satisfied with the level of dignity and respect the staff conveyed to you? Literal Comments

Q14A-If you contacted Community Care in the last 12 months, were you satisfied with the level of dignity and respect the staff conveyed to you? Literal Comments

Q15A-What is the name of your child's treatment provider? Literal Comments

Q16A-Which mental health services does your child receive from provider? Literal Comments

Q19D-Access to Services Literal Comments

Q1- I was told this is the only place that deals with children his age.

Q1- For me it's hard, it's going to be very hard for me to come when summer gets here. He has counseling at school during the year but I don't know what we are going to do over the summer. Are we going to meet at the school for him to do counseling or the doctor's office. I have no clue. I don't feel any of it is working right now.

Q3- They have not had any summer programs for him.

Q3- I am researching providers in my area. It took a couple of months to get the help she needed.

Q3- They took away evening hours and it made it difficult to get a good time to schedule.

Q3- Their policies restrict how many counseling sessions per month we can have over telehealth. Sometimes it's not convenient for me to go in to the office.

Q20E-Treatment Experiences Literal Comments

Q1- I created a plan myself. I feel like he has more than enough time with staff, it's more like an hour long babysitter than him being treated.

Q2- It's only once a month and I don't feel like that is enough. It's not anything they are doing wrong.

Q3- Ever since March, things have been different. I am to the point of looking for a new provider. I have been willing to do anything and he has been shuffled through the paperwork and lost in the office. I feel that he does not have enough time with staff.

Q3- They didn't really help us create a plan to deal with any problems.

Q3- There really isn't a plan and we don't feel comfortable asking questions. She is in therapy though.

Q3- We don't really have a plan yet

Q3- He needs more services. They took him out of services because he was doing better. His behavior has gone downhill since they took his services away. It was court ordered that services stay in order and ACRP cancelled his services because his dad said he didn't need them anymore.

Q23A-If meetings are held, I am always informed with enough advance notice that I can make arrangements to attend. Literal Comment

Q24C-Recovery Oriented Practices Literal Comments

Q3- They do not treat us as an equal partner in his treatment program and they only gave me clear information on who to contact about his medication.

Q3- They treat us with respect and see us as an equal partner most of the time.

Q3- They never told me who to talk to if I needed immediate help.

Q3- No one gave me any information on who to contact between appointments if I have an emergency

Q3- They never told me who to contact if I need immediate help.

Q25D-Outcomes Literal Comments

Q1- He is exactly the same, she doesn't do anything different than we do at home with him. It feels like she is his babysitter.

Q1- It's more him than what Nulton does for him. Sometimes what they come up with clashes with parents because we all have different views on things.

Q1- He has good days and bad days.

Q1- He is at the age where puberty is effecting previous treatment plans.

Q1- We are working on everything.

Q2- Their behavior is not improving as much as I would like. I feel we need to be seen more than once a month.

Q3- He does not deal with daily problems better, he has gotten way worse. We stay home more than we used to. I feel that BHS lied to me. They said I could not be with him to VBS and I feel that I would have been able to.

Q3- He needs more services, and we are looking for someone. We were not allowed to keep going here because we got the straight access card. I don't understand because it is still state insurance, so the whole thing doesn't make sense to me.

Q3- My child does not have behavior issues

Q3- He doesn't really want to be here and is still not ready to talk

Q3- She is improving to a point, but she needs a psychologist. I feel she uses her condition against us and knows what she is doing.

Q27A-If you have had issues or problems with provider, what were they? Literal Comments

Q1- The doctor is very quick to prescribe narcotics, as opposed to a medicine to help the child calm down. Withdrawal from the medicine was pretty severe and he had a lot of meltdowns.

Q3- IBHS was not helpful or involved.

Q3- The doctor is rude sometimes.

Q3- Services not provided when he needs them. The staff does not listen to my concerns.

Q28A-Were you able to resolve these issues or problems with the provider through a discussion with the program manager, file a formal complaint, or choose not to take any action? Literal Comments

Q1- Quite honestly yes, I took him to my PCP, and she gave him another medication that works much better. I quit seeing the doctor and let them my PCP would be taking care of meds.

Q3- I talked with everyone of them, there is nothing they can do or say.

Q3- We stopped services.

Q3- I vented to the one lady, but I know it won't do anything.

Q3- I resolved the issue myself

Q3- I tried to resolve the issue of them taking services away. She told me it was my anxiety getting out of hand.

Q29A-If you chose to not take any action, why? Literal Comments

Q3- I did talk to someone, but they did not help us so we left.

Q3- They did nothing about it, they told me it was all my fault.

Q33A-If you weren't able to get behavioral health help for your child in the last twelve months, what stopped you?

Q1- Everyone is short staffed

Q1- They are short staffed

Q3- I am only getting help with medication. We are supposed to have BCH, but the BCH doesn't want to work.

Q3- IBHS did not help us.

Q3- Money issues and we will go weeks without medicine because of the pharmacy

Q34-Are there any services your child needs but is not getting? Literal Comments

Q1- We are waiting on family based services. We had two people, but one person moved on. Now we are looking for another person to work with him.

Q1- Yes, a TSS, there is a long waiting list for one.

Q1- We are going to need therapy.

Q1- I have no idea because I don't know what they offer and I don't think what they are doing now is working.

Q2- We need a BHT and the waiting list is too long.

Q2- Long waiting lists for O.T.

Q2- A TSS, he has problems staying focused. He needs help in the classroom

Q3- All the services but medication.

Q3- We need a BHT

Q3- A psychologist

Q3- Counseling and a BHT

Q35A-Are you experiencing any problems in getting behavioral health medications that work for your child? Literal Comments

Q1- Getting preauthorization is difficult.

Q1- One medication is on back order and it's hard to get right now

Q1- There have been a few medications that have been making him angry. The medication that works well for him has a shortage, but we are working on it.

Q1- The pharmacy I always go to could not get it, but the pharmacy within DBHS could.

Q1- There is a shortage in medications, and I am giving him less medicine so it lasts longer.

Q1- We are not experiencing any problems getting medications, I think the dosage needs to be increased.

Q1- The pharmacy does not have it all the time.

Q2- We couldn't get the consumers medication in, the pharmacy didn't have it. The provider suggested calling it in a few days early

Q3- It got to one point, his medicine was such a mess, the doctor sent it to the pharmacy in Hyndman for us to pick up.

Q3- The pharmacy has had instances where they haven't sent medication. They didn't inform me that I needed to sign to get the medication. I won't complain about the pharmacy because I am afraid to lose services.

Q36-Please share additional compliments or suggestions for improvement you have about the services you participate in with (provider). Literal comments

Q1- Being here has really helped her. She is sleeping more, and is happier since she's been coming here.

Q1- The staff is really doing an excellent job with my child.

Q1- They are doing a good job.

Q1- Everything is great here! The staff is very nice.

Q1- I think the doctors office should stay open later than 6. It would be nice to have an appointment for 7 or 7:30 to accommodate people that work.

Q1- They are really nice here. They are seeing her every two weeks to see how medications are going.

Q2- Therapist is very polite, my child sees her by herself the next appointment and that is a good thing.

Q2- They are doing great! The receptionist is amazing!!

Q3- They wouldn't be nice, so no.

Q3- I love how they are always available and they make time for their clients.

Q3- His bedside manner sucks.

Q3- Don't have a child lose a counselor they are comfortable with just because their insurance changed. We still have state insurance. They need to bring back evening hours for those of us that work and don't want to take their children out of school. Some children with autism can not handle the change in routine like that. All doctors offices should have evening hours.

Q3- There is a shortage of staff at all providers to work with children.

Q3- I would like to get a male counselor for my granddaughter, she is well behaved when she is around a male. She has not had a male figure in her life since my husband died. I feel he would be very helpful for us. YAP help us as much as they can, we like it here.

Q3- My father was in the hospital so I had to cancel my daughters appointment. I waited too long to get her back in and they kicked her out.

Q3- They should not be allowed to give anyone legal advice or take services away from a child when it's court ordered and they clearly need them.

Youth Survey Findings

Youth C/FST Survey Process & Findings

The following are C/FST Findings and Recommendations based on the 16 youth (Ages 14 to 20) surveys completed during the 3rd Quarter of Calendar Year 2024 for the period from July to July 2024.

Survey Results

Variations in sample characteristics between quarters are represented so that the reader may infer what influences, if any, these variations may have had on member response ratings for the quarter.

3rd Quarter 2024 Youth Sample Characteristics versus the 2nd 2024 Quarter Comparison:

1. Lower percent of face-to-face – 44% (7 of 16) versus 79% (19 of 24).
2. Lower ratio of male treatment recipients – 19% (3 of 16) versus 42% (10 of 24).
3. Higher percentage of youth members aged 14-15 – 63% (10 of 16) versus 17% (4 of 24).
4. Same percentage total youth members receiving IBHS – 0% (0 of 16) versus 0% (0 of 24).
5. Higher ratio of youths receiving treatment from same provider four (4) years or longer – 31% (5 of 16) versus 17% (4 of 24).

Findings Overview

1. Just 19% (3 of 16) of youths interviewed during the 3rd Quarter of 2024 agreed with, *“Have you reviewed your insurance benefits and treatment options through Community Care?”*

94% (15 of 16) of youths in the 3rd Quarter were, *“aware they could file a complaint and/or grievance with Community Care.”* This indicator was 79% for calendar year 2023.

50% (8 of 16) of youths interviewed during the 3rd Quarter of 2024, *“knew where to find the number to call Community Care with questions or concerns.”* This indicator was 27% for calendar year 2023.

100% (3 of 3, excluding 13 “not applicable”) of youths agreed with, *“If you had contact with Community Care in the last 12 months, were you satisfied with the level of dignity and respect the staff conveyed to you.”* This indicator was 100% for calendar year 2023.

0% (0 of 16) youths reported using Community Care’s complaint or grievance processes during the 3rd Quarter of 2024.

2. Youths surveyed on **Access** to provider treatment services rated the three indicators 93% to 100% in the 3rd Quarter 2024. These cover, *“We meet at times that are convenient to me,” “I was made aware of the availability of different providers for this service and given a choice,”* and *“I feel I was able to get the help I needed within a reasonable amount of time”*.

3. Youths surveyed on **Treatment Experiences** rated satisfaction in all six indicators at 81% to 100% in the 3rd Quarter of 2024. These questions include *“Provider helped me create a plan to deal with any problem I have,” “I am an active participant in developing a treatment plan that is a good fit for me,” “I feel comfortable asking questions about my treatment,” “I am included in meetings about my treatment,” “My provider has talked with me about community resources and other supports, if needed,”* and *“As appropriate, my providers (physical and behavioral health) work together and share information to provide me the best care possible.”*

4. Youths interviewed this quarter also continue to show good results with **Provider Recovery Orientation** satisfaction scores of 100% in both indicators, *“I have been given clear information on who to contact if I need immediate help between sessions,”* and *“Staff treats me with respect and sees me as an equal partner in my treatment program.”*

5. Youth perception of **Treatment Outcomes** this quarter was 87% to 100% in all three indicators. These questions include, “*I manage strong feelings better,*” “*I make better choices about how to deal with day-to-day life,*” and “*I believe that treatment is working because I feel better.*” These indicators were 93% to 98% for calendar year 2023.

6. 8% (1 of 13, excluding 3 n/a responses) of youths taking behavioral health medications reported problems in getting the medications that work for them. This indicator was 5% for calendar year 2023.

3.13% (2 of 16) of youths reported having issues or problems with their provider during the 3rd Quarter of 2024. This indicator was 7% for calendar year 2023.

Recommendations/ Overview

1. Overall, it appears progress continues regarding youth perceptions of their treatment access, treatment experiences, and provider recovery-oriented practices. It is recognized that these perceptions are highly subjective and can also be tied to variations in sample characteristics. Improvements should be recognized and supported.

2. Youth respondents usually report a lower incidence of provider issues and problems compared to adult and family respondents. More analysis is needed to determine if this is just a characteristic of this group. More analysis of sample characteristics, provider usage, and particularly service level should take place to evaluate the fluctuations that occur quarter to quarter.

Youth – Member Request for Assistance

Upon completing the survey, 0% (0 of 16) of youth members surveyed expressed interest in having a concern or issue they shared during the interview referred for immediate handling by BHSSBC.

Quality Audits

Periodically, random quality audits are performed which have the dual purpose of obtaining member feedback regarding the survey process plus confirming the integrity of the survey.

During the 3rd Quarter 2024, 4 youth quality audits were performed. 100% (4 of 4) of youths felt the length of the survey and number of questions were satisfactory. 100% (4 of 4) of youths were satisfied with the survey process and 100% (4 of 4) of youths felt ok or good about being contacted.

Member comments:

“None.”

Q1- Bi-racial

Bi-Racial

Q10D-Community Care questions. Literal Comments

Q1- We did not know anything about Community Care being with our insurance. They should give us something from the assistance office when we sign up for medical assistance.

Q11A-If you had contact with Community Care in the last 12 months, were you satisfied with the level of dignity and respect the staff conveyed to you? Literal comment

Q12A-If you had contact with Community Care in the last 12 months, were you satisfied with the level of dignity and respect the staff conveyed to you? Literal Comments

Q13A-If you used Community Care's complaint process with in the last 12 months, were you satisfied with how your complaint was handled? Literal Comments.

Q14A-If you used Community Care's grievance process with in the last 12 months, were you satisfied with how your grievance was handled? Literal Comments

If other, please specify:

Q1- Conemaugh Counseling

Q1- Julie Fox

Conemaugh Memorial Physician Practices

Q18D- Access Literals

Q2- I do not feel I am getting effective services.

Q2- Times are not convenient because they are during school hours.

Q2- My case manager told me about ACRP

Q2- The school recommended them.

Q3- Crisis referred me here.

Q3- It took a liittle while

Q3- My mom set everything up for me

Q19D-Treatment Experiences Literal Comments

Q2- There is a lack of a plan. I have a hard time participating.

Q2- The whole reason this place was recommended so much was so I could get help for my ticks, but they were like no way. The doctor and the psychiatrist both scare me.

Q3- I get hesitant and nervous when it comes to asking questions.

Q3- They did not help me at the time, at first

Q3- I don't really feel comfortable asking questions, but I have to.

Q23C-Recovery Oriented Practices Literal Comments**Q24D-Outcomes Literal Comments**

Q1- My anxiety is not getting better, but I just met with my doctor about it.

Q2- I still have problems communicating and managing depression.

Q2- I still have good days and bad days.

Q2- I just started with the doctor so it's too early to tell.

Q2- I am new to the program and I am still working on everything

Q3- I would say I manage my feelings better, but my dad would say no.

Q26A-If yes, what were the issues or problems with services from provder? Literal Comments

Q2- Lack of treatment planning and coordination, and poor communication.

Q3- They don't help him with crisis, they just send him home

Q3- Poor communication and frequent staff changes.

Q27A-Were you able to resolve these issues or problems with provider through a discussion with the program manager or did you choose not to take any action? Literal Comments

Q2- My mom left several messages.

Q2- I just kind of dealt with it.

Q28A-If you chose to not take any action, why? Literal Comments

Q2- We are waiting to hear from someone

Q3- We did not know if taking action would help or not

Q3- When my staff person retired, things got messed up. It messed up group sessions. I chose not to take action because I felt the problem was not that serious.

Q32A-If yes, why weren't you able to get the behavioral health help in the last twelve months? Literal Comments

Q1- We had an unhelpful crisis worker.

Q1- There is a long waiting list for a BCM.

Q1- Crisis line was useless, went to the hospital, no one came to see us.

Q2- A lack of communication and the provider does not take into consideration what we have to say about her treatment plan.

Q2- I came here to get my ticks treated but he just kind of blew it off, if this appointment doesn't go good, I am going to find a new psychiatrist.

Q3- Some personal disabilities

Q33A-If you are taking behavioral health medications, are you experiencing any problems in getting the medications that work for you? Literal Comments

Q1- The pharmacy messes up the prescriptions sometimes.

Q1- They are working on my anxiety medicine.

Q1- I go and see the psychiatrist on February 10th for medications.

Q2- Problems with my new insurance and I am waiting for prior authorization.

Q2- The medication I am taking now is not helping.

Q3- Getting them filled, the pharmacy takes days for them to fill the prescription.

Q34-Please share additional compliments or suggestions for improvement you have about the services you participate in with (provider). Literal comment

Q1- OT is part of our family, she is like a big sister.

Q1- It is hard to get a hold of anyone on the phone if we need immediate help. No one calls us back either. Something needs to be done about them not answering the phone and returning calls.

Q1- We are very happy!

Provider Responses

Provider Responses to 2nd Quarter (April - June) 2024 C/FST Report

The below comments are shown in recognition of the time, attention and interest providers have shown, in listening to and utilizing C/FST data as an additional input in their internal QI processes.

No provider responses were due for the 2nd Quarter 2024 C/FST data.

MCO Responses

Community Care Response to 2nd Quarter (April - June) 2024 C/FST Report

No MCO (Community Care) response was due for the 2nd Quarter C/FST Data.

Technical Notes

Technical Notes

A. Projected Surveys – January 1, 2024 – December 31, 2024

The Center for Behavioral Health Data Research, Inc. (CBHDR) has been contracted by BHSSBC to manage the Bedford-Somerset C/FST and to conduct 534 general purpose and 100 special focus C/FST surveys between January 1, 2024, and December 31, 2024.

The general-purpose survey target represents approximately 2.4% of the Bedford-Somerset HealthChoices membership and approximately 18.3% of individuals receiving behavioral health services.

B. Focus

The targeted survey activity includes 326 Somerset and 208 Bedford C/FST surveys. The sub-targets by member category include 355 adults, 82 youth and 98 families with individual sub-targets for each of those categories for each county. Additionally, CBHDR will achieve a representative sampling of all service levels, age groupings, gender, zip code and providers.

C. C/FST Survey Process

The survey instruments were developed under the guidance and direction of BHSSBC and the Bedford-Somerset C/FST Advisory Committee consistent with the requirements and guidelines of DPW's Appendix L. The Committee is comprised of individuals representing Community Care, adult, parent/family, and youth membership, county provider staff, and staff members of BHSSBC, Community Care, and The Center for Behavioral Health Data Research, Inc. including the Bedford-Somerset C/FST Program Director.

Adult, family, and youth survey questions are reviewed and evaluated annually for their relevance and effectiveness by the Advisory Committee and BHSSBC; additions, deletions, and changes are usually made to the questionnaires at the start of a new fiscal year in July.

Surveys are completed via two methods. The first method involved surveyors making visits to service area providers to conduct surveys with any Community Care members who happened to be at the provider during that time and who wished to participate in the survey. The second method involved calling Community Care members and offering to do face-to-face or phone surveys with them.

The interview questions are designed to determine member satisfaction and perceptions of Community Care (the MCO), provider access, treatment experiences, recovery-oriented practices, and outcomes. Care has been taken to ensure that collection and analysis is standardized, accurate and provides formative reliable data on critical system indicators that can be used to drive change and improvement.

Many of the questions incorporate the Recovery Oriented System Indicators (ROSI) including those under: *Validated Personhood, Person Centered Decision Making & Choice, Self –Care, Wellness & Meaning, Rights & Informed Consent, and Treatment Options* as these primarily relate to the managed care organization and provider practices. ROSI questions also include community support and infrastructure including those under: *Community Integration, Social Relationships, Basic Life Resources, and Peer Support & Self-Help*. The C/FST also added questions from the Comprehensive, Continuous, Integrated System of Care (CCISC) model.

The member responses and results of the survey process are shared with the MCO and providers on a quarterly basis with each provider receiving its own specific member responses (in the aggregate) in addition to the overall report. The C/FST information is to become part of operational and clinical processes, assist in decision-making and help drive performance and quality. A key to this outcome is MCO and provider acknowledgement of, and response to, the process.

D. Survey Methodology Population/Sampling

The overall sample size of 534 represents approximately 18.3% of Community Care's Bedford-Somerset County behavioral health membership and yields a 95% confidence level with a plus/minus 4.6% margin of error when divided by the membership in Somerset and Bedford counties. The overall target sample of 534 is then divided by a specific provider's percent of Community Care's membership to arrive at a target sample size for each individual provider. This is defined as a proportional-stratified sample for each provider.

E. Data Analysis and Reporting

Survey instrument development, data entry, and data analysis were conducted using the SNAP software and incorporated Likert scale, multiple choice, and narrative responses. In addition, participants were able to skip questions or stop the interview at any point during the data collection process. As a result, the number of respondents (N) for each question and the total number of surveys completed may vary.

Respondents were offered the choice of answering; *“strongly agree”*, *“agree”*, *“neutral”*, *“disagree”*, or *“strongly disagree”*, and a straight *“yes”* or *“no”* to some questions. Other questions asked for a verbal opinion or reasons for an answer. Additionally, some questions provide for a non-applicable response, which can also alter the total when reconciling the *“agree”*, *“neutral”* and, *“disagree”* responses.

An appropriate benchmark system is utilized to highlight positive findings and better recognize areas requiring improvement – see below. The objective of adding benchmarks to the Quarterly Report is to communicate member satisfaction in a format that captures readers' attention and focuses analysis. The format should make it easier to identify areas of success versus areas that require improvement with increased interest in understanding member satisfaction scores.

At or above 90% Benchmark – **Satisfactory**

Between 80%-90% - **Monitor**

Below 80% - **Requires Action**

In addition to **Benchmarking** data to identify changes, trends and issues, other refinements have also been added to the quarterly reports. These include:

- 1. Quarter-to-Quarter Analysis:** It is difficult to draw any conclusions from a single quarter, which represents a “snapshot” in time. Thus, a quarter-to-quarter comparison was added so that member responses can be tracked over time.
- 2. Face-to-Face Variations:** The collected data can be evaluated overall and then by source of interview, including that collected by telephone, compared to that data collected in face-to-face interviews. These reports can be requested.
- 3. Sample Characteristics:** Significant variances in member responses between quarters are also evaluated by the size and characteristics of the member sample. Any variances in member age range, treatment service level or provider is also noted.
- 4. Cross-Tabulation:** Using the SNAP software, member responses to a particular interview question can be evaluated by any other data characteristic including age, level of service, provider, or treatment category.
- 5. Quarterly Provider Report:** As one quarter of member responses are only a snapshot in time, a quarterly provider report was developed to show member responses by provider, by quarter, with a year-to-date average which is more useful in identifying trends, drawing conclusions, and recommending improvements.

These data analysis enhancements are designed to provide additional interpretative capability for the reader to develop useful information regarding member perceptions of treatment access, provider treatment, recovery orientation, and outcomes.

F. Limitations

There are always limitations to the administration of a survey. The following is a discussion of two significant limitations experienced during the administration process.

When attempting to assess satisfaction among a sample population, a telephone survey has both advantages and disadvantages. One of the advantages is that the time needed for data collection is far less than what would be needed for either face-to-face interviews or a mailed survey. An additional advantage is that it provides a way to collect data, in a far more cost-effective manner than face-to-face interviewing. The major disadvantage to telephonic methodology is that consumers are eliminated from the survey if they have no access to a phone, or if the available phone number is inaccurate.

Survey data obtained from members may be for service(s) rendered in a different time than when the survey was conducted. Thus, it is difficult to assume that changes in data between quarters (actual counts and percentage) represent trends – good or bad. It is best to review year-to-date data and both member and provider demographics within a particular survey period to place the results into perspective.

G C/FST Program Member Assistance & Reporting

1. Monthly Status & Problem Resolution

Consistent with the requirements of DHS's Appendix L, BHSSBC, Community Care, and the C/FST Program Director communicate on a regular basis and meet monthly. The ongoing dialogue focuses on a review of program implementation, compliance with Appendix L, evolving findings, removing barriers, the member request for assistance process, and outreach to un-served or underserved member identification.

2. Member Request for Assistance

In cooperation with BHSSBC, the Bedford-Somerset C/FST developed a referral mechanism to assist members that identify service specific issues and concerns during the interview process. If the member desires to have their concern or issue immediately addressed, the surveyor obtains the member's consent to release the information, completes a Member Request for Assistance form, reviews it with the C/FST Program Director, and forwards the form to BHSSBC.

The form requires a description of the reason the member is requesting assistance and a desired resolution/outcome description from the member. The request is checked as either urgent or non-urgent and the member is advised they can expect to be contacted within the next 30 days or sooner, depending on the nature of the issue.

Anonymous Member Concern(s)

In addition to a Member Request for Assistance, the C/FST surveyor may submit an Anonymous Member Concern form to BHSSBC in cases where the surveyor believes BHSSBC should be made aware of the member's concern, but the member declined to release their contact information.

Critical Incident Reporting

It is the responsibility of the C/FST surveyor to report any unusual incident that occurs during the interview process. This includes awareness of abuse or alleged abuse of a member, seclusion, restraint, alleged medication errors, or talk of suicide.

3. Confidentiality, Consent and Protection of Participant Information

There are several mechanisms in place to safeguard confidentiality and protection of participant information.

1. Potential participants are assured of the confidentiality of their opinions.
2. Potential participants are also assured their opinions will not negatively affect the services they are currently receiving.
3. Individuals who indicated they did not wish to participate had their names or the name(s) of their child removed from the list of potential participants and were not contacted again.
4. Everyone contacted via telephone received another explanation of the survey during the survey introduction and were given another opportunity to opt in or out of participation.
5. Employee Confidentiality Statements are completed annually, and prior to any interviews/surveys conducted on behalf of the Center for Behavioral Health Data Research, Inc., and Bedford-Somerset HealthChoices.
6. Policies and practices for the storage, access, and disposal of participant records are designed to protect personal information and maintain confidentiality.

The oversight and monitoring of interviewers and calls are in accordance with approved protocols and are implemented in collaboration with CBHDR and BHSSBC.
